COURT OF APPEALS

Reverses Opinion of the Mason Circuit Court in the Case of the Louisville Tobacco Warehouse Company vs. Lee.

Frankfort, Ky., November 15.—The Court of Appeals reversed the Mason Circuit court in the case of the Louisville Tobacco Warehouse company against J. M. Lee.

The litigation in this case resulted over a settlement of transactions between Lee and the company for four years ending January, 1914. During that time the company furnished Lee with \$100,000 with which to buy tobacco to be sold in its warehouse in Louisville. Purchases were made in Mason, Fleming and Lewis counties, where Lee lived. Deducting the interest, storage and credits given Lee, the company claimed that he was \$12,984.07 in debt to it. The case was tried by a jury and a verdict of \$9.68 was given to Lee. The court says the question involved is whether the warehouse company, at any time when it was directed by Lee to sell his tobacco, failed or refused to do so or within a reasonable time after receiving such directions. After an examination of the evidence the court says that the verdict is against the evidence and reversed the lower court for a new trial.

PRAYER MEETING AT BAPTIST CHURCH

The Prayer Meeting at the First Baptist Church this evening will be in charge of the B. Y. P. U. President William B. Baldwin has arranged a splendid program in which quite a number of the young people will take part. It is hoped that the members of the church will make a special effort to attend this service and thus lend encouragement to the young folk. Strangers and visitors are cordially invited and will be given a hearty welcome. 7 o'clock is the hour.

Sunday School Teachers' meeting immediately following Prayer Meeting conducted by Prof. W. J. Caplinger.

OUT JANUARY 1

The new telephone directories will not be out until January 1 instead of some time during this month as previously announced. Numerous changes were to be made in the numbering of some of the phones in the city and the officials of the company thought it best to wait until the first of the year to print the book so as to include the changes.

RABBITS PLENTIFUL

The returning hunters report that rabbits are fairly plentiful this year and are very fat and free from disease. One hunter is reported to have killed 53. They are selling at 20 cents apiece this morning.

PAY CAR HERE

The L. & N pay car was in this city yesterday and distributed a large amount of the coin of the realm to the employees of the company here.

WALSH RESIGNS

From Position as Night Sergeant on the Maysville Police Force Yesterday Afternoon.

Mr. Harry L. Walsh resigned his position as night sergeant on the Maysville Police Force yesterday afternoon. His resignation taking effect at once. No one has been appointed to fill the position as yet.

The resignation was caused by a controversy between the sergeant and Chief of Police Mackey. On Tuesday one of the officers heard another one telephone to Ripley and ask George Dale to bring him a quart of whiskey. This conversation was reported to the chief and Dale was later arrested by him. Dale alleged that he sent the whiskey to Maysville by a friend who left it at one of the hotels and asked Walsh to notify the other officer. This Walsh did. The chief heard of the matter and immediately placed the other fellow under arrest for bringing whiskey into local option territory for other than his own use.

The chief and Mr. Walsh then had a controversy over the matter in the court room. The argument became very heated and it seemed for a time as if the men would come to blows, but this was averted.

Another cause of the trouble was the fact that Sargeant Walsh took in the trial of Robert Outten for bootlegging. Mr. Walsh aided the defense in the selection of the jury and he and the chief also had an argument over this.

Yesterday afternoon Mr. Walsh hunted up Mayor Lee and handed in his resignation. No one has been appointed to his place and it is understood that it will be left vacant until after next council meeting. An ordinance will be brought up at that time to make the position of night sergeant elective instead of appointive as heretofore. A night sergeant will then be elected by the council for one year. It is quite probable that there will be a general shake-up in the Police Department at the regular meeting of City Council in December.

INCOMPLETE CANVASSES INDICATE G. O. P. HOUSE

Washington, November 15.—Incomplete canvasses of the vote in several close Congressional districts today brought no changes in the unofficial election results, which indicate that 217 Republicans, 212 Democrats and six of other parties have been elected to the Sixty-fifth Congress. Representative Doremus, chairman of the Democratic National Committee, still claims, however, that Democrats will make gains on the final returns in six or seven of the close districts which apparently have elected Republicans by small majorities. Speaker Clark and other Democratic leaders also confidently expect to cut down the Republican plurality.

Representative Woods, chairman of the Republican committee, insisted tonight that the Republicans undoubtedly would control the organization of the House. A speaker to be elected must receive a majority of the House, or 218 votes. Although the unofficial returns show the Republicans to be one short of a majority, they are courting on the Progressive elected in Minnesota, the Progressive-Republican in Louisiana and the Independent in Massachusetts to vote with them for James R. Mann for speaker.

Prospects of a Republican gain were apparent in the Thirty-second Pennsylvania district, where the canvass of all Pittsburgh precincts today showed Representative Barchfeld leading Guy Campbell, his Democratic opponent, by 12 votes. On the unofficial returns Campbell led Barchfeld by 19 votes. Country precincts still are to be canvassed.

FIVE JURORS SELECTED

Georgetown, Ohio, November 14.—One hundred and twenty-six men have been summoned as jurors in the Saunders murder trial and after two days only five jurors have qualified. The jurors selected are: John Mitchell, Fayetteville; Henry Cahall, Russellville; William Gardner, Decatur; Harland Thompson, Bethel, and J. G. Porter, Aberdeen.

BACK BROKEN

Mr. Thomas Herron was seriously injured at the Bates & Rogers Construction camp east of the city this morning when he suffered a broken back. He was immediately taken to Hayswood Hospital. He will recover from the shock but will probably be left a cripple.

MISSING MAN NOT HEARD FROM
Nothing has been heard of Lee Runyon of Flemingsburg, who is supposed to have committed suicide here Monday night by drowning himself. His wife was in this city yesterday and identified the articles found on the ferry boat as belonging to her husband.

ASKED FOR ENLARGEMENT OF SCHOOL

At the last meeting of the Board of Education of the public schools a petition was presented to that body asking that an addition be built to the Forest Avenue School. This addition will consist of four rooms and an auditorium. The Sixth Ward school will be discontinued, all of the pupils in the East End coming to the one building. This is a good move and it will doubtless receive the attention of the board at some future time.

ENTERTAINMENT VERY SUCCESSFUL

The entertainment given by the Parent-Teacher Association of the Forest Avenue District last night in the school building was very successful. Over 200 were present and in addition a large number of pies and candies were sold. The association realized quite a neat sum of money from the entertainment which will go toward purchasing a library for that building.

MARRIED YESTERDAY

Mr. Henry F. Lundigan, son of Mr. and Mrs. William Lundigan, and Miss Mary Lena Ring, daughter of Mr. and Mrs. Jacob Ring of the county, were married in the St. Patrick's Church yesterday morning at 7:30 o'clock by Rev. P. M. Jones. They left on C. & O. train No. 1 on a short wedding tour. They will make their home in this city.

DANDY DIXIE MINSTRELS

The company played their opening date at Germantown Saturday to a large audience and every one seems this show pronounced it first class in every respect, the show is composed of local men and they carry their own band and orchestra. The company will play Wheatley Opera House at Sardis Saturday, November 18th.

REPUBLICANS HAVE KEPT THE FAITH

The New York Times, which supported Mr. Wilson, speaking editorially last Wednesday morning, when it believed that Judge Hughes had been elected, said:

"The Republican legend is still vital. Like the Napoleonic legend, it survives death and disaster; its power, though diminished, dominates the country."

"The Times has often said that the country believes that it is better off under a Republican than under a Democratic Administration. Now and then it uses the Democratic party as a whip to scourge the Republicans into good behavior; duly chastened, they are returned to power. Since Andrew Jackson was elected in 1832 no Democratic President has succeeded himself. Martin Van Buren succeeded Andrew Jackson, but since the Whig party was formed only one Democratic President, Franklin Pierce, has had a Democratic success. In the sixty years that have elapsed since the republican party first voted for a Presidential candidate the Democrats have been in power but sixteen years, four terms of the Presidency—Buchanan, Cleveland for two terms, and Wilson.

"The conclusion is irresistible that the country is Republican, that it prefers Republican administration. The decision taken by the electorate in yesterday's voting, though it is unexpectedly close and until a late hour was in doubt, confirms that impression."

The Times makes two statements that are absolutely true. Regardless of the verdict of Tuesday, the mass of the people of this country believe that they are better off under a Republican than under a Democratic administration, and the country, at heart, is Republican and prefers a Republican administration.

In the last campaign the Republican party made a good fight, it kept the faith, and it will survive to win many battles and lead the American people to a great national destiny. As in 1896 it stood firmly for sound currency and an honest dollar, as in 1912 it opposed the fads and isms born of inter-party strife combined with the hysteria of the plains and cactus beds, so in 1916 it fought for a broad nationalism, for positive Americanism and for fiscal and industrial policies which would insure to American labor and American capital the merited of their combined endeavors.

Truly, as the New York Times says, the American people believe that the country is better off under a Republican than under a Democratic administration, and there is a reason for this conviction. Republican administrations have called into action the practice, successful business men of the country and they have always applied to national affairs the same rules and methods which made them successful as individuals in tremendous prosperity of the United States under Republican management simply reflected the sum of the business sense and training of the men who were for the time being responsible to the American people as heads of the various departments of government.

Under Democratic administrations, while occasionally one finds a practical man of affairs like Whitney, or Lane, or Lamont, too often have mere theorists or men lacking in training or unable to think in national terms, been called to places of high responsibility and trust, with consequent reduction in governmental efficiency, forfeiture of public confidence and loss of national prestige. How many of the members of Mr. Wilson's present cabinet have impressed themselves upon the public mind during the past three years? How many Hays, and Root, and Gages, and Shermans, and Allison, and Dingleys, and Tafts, and McKinnys do we find in the list? How many of them will be remembered by the average man thirty days after they leave the public service?

This, then, is the answer. The Republicans have applied business principles, plus practical experience, in the conduct of the Nation's business. The Democrats, with equal patriotism, equal personal integrity, have hearkened to the voice of the theorist and always with the same result.

As The New York Times suggests, Mr. Wilson is the first Democratic President since Andrew Jackson was elected in 1832 to be succeeded by a Democrat. Had it not been for the war in Europe nomination was ever defeated, because his administration has followed the example of all previous Democratic administrations. Not until the South and West learn some of the lessons that have been learned by the men in the market places, the mills and the financial institutions of the North and Northeast will the Democratic party be a constructive force in governmental affairs.—Lexington Leader.

READING ALOUD IN SCHOOL

Some discussion is noted among educational authorities as to the value of teaching children to read aloud. The old time school gave great prominence to reading. It is one of the traditional "Three R's." Modern authorities seem to think it has been over emphasized, as indicated by articles in recent school journals.

The old time drill, over and over again on a certain set of reading books, was not time well spent. The pupil gained no taste for reading, and became weary of the selections of poetry and oratory which he was asked to recite many times. But at least this training produced a generation of good readers.

You can find today a great many high school graduates who can not take a newspaper and read it aloud without stumbling at every line. The same thing could be said of some college graduates.

The case becomes far more worse when you consider the large number of foreigners found in many schools. The child of alien parents hears little English at home. Unless he learns to read fluently in school his talk will always seem foreign. He may have excellent mentality, and may be competent for a high grade of work. Yet his speech has this thick burr of an alien brogue, it will be a handicap to him all through life. He will pass for a great deal more stupid person than he is. Employers of labor will set him shoveling coal when he might be directing a gang of workmen, merely because his thick speech makes him seem like a foreigner.

Similarly with young people descended from English speaking parents. In daily life one is constantly called upon to read something aloud. If a young man can not read a report to a committee or board of directors without hesitation and tripping over ordinary words, he is set down as an ignoramus. The time has not come when the schools can drop reading aloud.

NATIONAL BISCUIT COMPANY

U. S. PROTESTS DEPORTATION OF BELGIANS

Washington, October 14—Deportation of Belgian civilians into Germany for forced labor has reached such serious proportions that American Charge Grew at Berlin, has been directed by the State Department to take the matter up personally with Chancellor von Bethmann-Hollweg. The Charge was requested to say that such deportation could not but have a most unfortunate effect upon neutral opinion, particularly in the United States, which has the welfare of the Belgian civilian population very much at heart.

The instruction, it was learned today, grew out of a long report from Charge Grew in which he stated that he had discussed the situation informally and unofficially with Under-Secretary of Foreign Affairs Zimmermann. The latter admitted that a definite policy had been adopted to enforce the labor of Belgians in cases where they would not work voluntarily on the grounds that so many refused to work as to make the strain upon public charities intolerable.

The deportations are viewed here not only as a violation of international law, but in a degree as a violation of Germany's assurances to Ambassador Gerard last June, which, though relating to the 20,000 French women and girls deported from Lille, Roubaix and Tourcoing, are thought to be applicable to the Belgian situation. At that time, when Ambassador Gerard had gone to German headquarters in France to discuss the attack of the Sussex with Emperor Williams, all the American relief workers in Northern France were called into conference and assurances given by the Germans that no further deportation would be made. The case of the Belgians is considered identical in principle.

Reports from Rome that the United States has joined or will join the Vatican, Spain or the Netherlands in a joint protest are declared untrue. In this question as in the many others that have arisen during the war, the United States will act independently.

The deportations are regarded by some officials here as an attempt to release German workers from the firing line by replacing them with Belgians.

Foreign Minister Deyens and Cardinal Mercier of Belgium, have issued public appeals to the neutral nations to effect a cessation of the deportation. England also is deeply concerned.

SHOES MAY GO TO \$20 PER PAIR—THIS IS POSSIBLE IF THE ADVANCE IN PRICE OF HIDES CONTINUES

Chicago, November 14—The price of hides hopped upward again today, further intensifying conditions in the American leather industry and lending support to a prediction that within a few months Americans may be paying \$25 to \$20 for shoes of ordinary quality.

"Country extremes," a well-known grade of hides, were priced at thirty-two cents a pound today, an advance of two cents over the previous marketing. September 1 these hides were being sold at twenty-two cents a pound. An official of the National Association of Tanners, which will begin its eighth annual convention here next Thursday, said today:

"The American shoe manufacturers are partly to blame for oversteering the market. They did not begin buying until late in the summer and by that time enormous quantities of leather had been contracted for by foreign buyers."

"The Russian supply of light skins and hides is entirely cut off. England places embargoes on hides and skins whenever it suits her convenience."

Every woman knows it's easier to coax a man than drive a nail.

WILL FIGHT ADAMSON LAW IN THE COURTS

New York, November 14—The interrupted conference between representatives of the nation's railways and their 400,000 brotherhood employees, looking toward an adjustment of their newly formulated differences on the interpretation of the Adamson eight-hour law, was not resumed here today. Instead of meetings, the purpose of fighting the law to the end in the courts, while the brotherhood chiefs who remained in the city left for their homes, professing to believe that they may safely rest their case with President Wilson.

Both sides admitted that they could not foretell the probable outcome of the new controversy. The railroad managers are certain they can establish the unconstitutionality of the Adamson law while the brotherhood leaders are equally sure that the law will be upheld by the courts and enforced in letter and spirit.

The attitude of the railways was summarized in a statement issued by Elisha Lee at the close of an all-day meeting of the railroad representatives. The statement said:

"We are all agreed to fight to the end. The means to be employed were fully discussed and the concerns of opinion was that it was necessary to file suits questioning the constitutionality of the law in every Federal district court in which the affected railroads operate."

Warren Stone, president of the Brotherhood of Locomotive Engineers, summarized the brotherhood side of the case just before boarding a train for Cleveland. The other chiefs left for their homes last night and this morning, Mr. Stone said:

"The situation is closed in so far as we are concerned. We are not at all alarmed. We know what President Wilson intended we should have. We know the explanation he made to our chairman in the White House. We feel confident that if the present law doesn't give us the eight-hour day the President will give us a law that will."

"We can't understand the attitude of the railroad managers. They did not file their first suit until the day after election, believing that Mr. Hughes had been elected. Personally, I believe they are either whistling to keep up their courage or they are trying to scare the public into sympathizing with them."

ROBBIE "RIDES A PIECE" WITH SLEEPING-CAR PASSENGERS HE TAKES THEIR COIN

Kansas City, Mo., November 14—As the Missouri Pacific's Omaha-Lincoln Express Train No. 108 was leaving Leavenworth, Kan., tonight for Kansas City, Mo., a masked robber entered the rear sleeping car, leveled a revolver at the four male passengers and the conductor, C. E. Schmitt, and obtained \$96. Eighty dollars was taken from the conductor.

The bandit then informed his victims that they might resume their seats. "I'll ride a piece with you," he said. At intervals as one of the passengers would shift his position the revolver in the robber's hand would shift to cover him. When the train pulled into Kansas City, Kan., the man wished his victims a laughing "Good-night," left the car by the rear platform and disappeared through the dark maze of tracks and cars.

HUGHES MAKES GAIN

Los Angeles, November 14—A net gain of 190 votes was made by Charles E. Hughes today in the first day's official count of the presidential vote cast Tuesday. Twenty-two errors were discovered by the Board of Supervisors resulting in Hughes' gain of 150 votes, loss of fifteen and President Wilson's loss of 55, giving the republican candidate a net gain of 190.

NO CHANGE IN CALIFORNIA

San Francisco, November 14—Whether the highest vote for a Republican elector in California was greater than the lowest vote for a Democratic elector was about the only question of interest to California politicians tonight. If this should prove to be the case the State's delegation in the electoral college may be split. The Republicans admittedly unearthed nothing in the course of the day to indicate for or against such a prospect.

Sidney M. Van Wyck, Jr., chairman of the Democratic Campaign Committee, worked all day bringing in reports from little countries in the mountains where the county clerks had finished their count and also succeeded in getting one or two fair-sized counties. His total for twenty counties showed that the totals for the lowest Democratic elector in each county added 5,466 votes more than the totals for the highest Republican elector in the same counties. This count would show, when completed, the Wilson electoral vote at its lowest ebb, Mr. Van Wyck said.

That is to say, if the lowest Democratic totals are finally ahead of the highest Republican totals, a solid delegation in the electoral college is assured. If the highest Republican totals exceed the lowest Democratic totals this will not necessarily indicate that any Republican elector wins, because the lowest Democrat and the highest Republican are not the same in all counties.

Republicans and Democrats alike manifested surprise at rumors, traceable in all cases to the East, that a considerable error had been found somewhere in the State in counting the votes.

"The mistake as reported would have to be in San Francisco, Alameda, or Los Angeles county," said Mr. Van Wyck. "It is none of them, and so far as we have been able to learn, it does not exist. The final count will show no material change."

Reports from Republican headquarters were similar.

JOHNSON IS ELIMINATED BY FOLLOWSERS OF T. R. AND HUGHES AS PRESIDENTIAL POSSIBILITY

New York, November 14—Hiram Johnson has been eliminated as a 1920 presidential possibility by both Hughes and Roosevelt devotees, according to authoritative information at Republican headquarters. When returns indicated today that the Golden State Governor had annexed about 200,000 plurality for United States Senator and Hughes had run behind him at least 3,500 more, both Hughes and Roosevelt managers agreed they would try to make him an impossibility for head of the national ticket four years hence. Hughes leaders charged Johnson with treachery to their presidential candidate. Roosevelt leaders declared Johnson is in the Colonel's way and must be knifed if the Colonel is to be the next United Republican-Progressive candidate.

CHANGES IN MINNESOTA

St. Paul, Minn., November 14--The Hughes lead in Minnesota suffered many changes today but tonight stood at slightly more than 1,000. The vote tonight after a complete recheck, stood: Wilson, 178,260; Hughes, 179,264. Hughes' plurality 1,004.

Added sheets from the county auditors are expected tomorrow at the State house and will be gone over unofficially.

ARE YOUR KIDNEYS SICK?

Many Maysville People Have Kept
Well By Keeping Their Kidneys
Well.

The first symptom of kidney trouble may be only a slight pain in the back, a feeling of stiffness or soreness in the loins, or some annoying irregularity of the urinary passages. Urine is often discolored and perhaps sediment gathers upon standing. Next may come a dull, throbbing headache, sharp, knife-like pains, dizziness, and in many cases, lameness when arising in the morning. No one can afford to delay until these troubles become serious. Begin using Doan's Kidney Pills, the tried and tested kidney remedy that has won the praise of thousands. Maysville readers should find convincing proof of merit in the following statement. It's from a resident of this locality.

A. Sorries, locksmith, Aberdeen, O., says: "The action of my kidneys was irregular and the kidney secretions contained sediment. I had backache and when stooping, it was hard for me to straighten up. Colds always settled on my kidneys. I used Doan's Kidney Pills and they stopped the trouble and my kidneys became strong."

Price 50c, at all dealers. Don't simply ask for a kidney remedy--get Doan's Kidney Pills--the same that Mr. Sorries had. Foster-Milburn Co., Props., Buffalo, N. Y.

SPECIAL DAYS PLANNED FOR MEDICAL EXAMINATION, CHILDREN'S ORGANIZATION, AND CHURCHES

December 3 to 10 inclusive has been set aside as Tuberculosis Week in the United States, according to an announcement today by The National Association for the Study and Prevention of Tuberculosis.

During this week an effort will be made to enlist the co-operation of every church, school, anti-tuberculosis and public health organization, lodge, and working men's organization in the United States in an active effort to bring tuberculosis to the attention of the people.

Three special feature days will be held during the week, December 6, will be National Medical Examination Day. On that day an effort will be made to get every boy, man, woman and child, whether sick or well, to be examined in order to find out if they have any defects or impairments of their bodies that need attention. If examination is not possible on December 6, appointments will be made then for later examination.

December 8, will be Children's Health Crusade Day. It is hoped that at that time to launch a national organization of Modern Health Crusaders, an association of the children of the United States in the public schools for fighting against tuberculosis and for better health.

December 3 or 10 will be observed, according to the convenience of the churches, as Tuberculosis Day. A special sermon and a series of talking points for ministers and others have been prepared and will be ready for distribution in the near future.

Last year over 150,000 organizations and institutions took part in the Tuberculosis Week celebration. It is expected that this year this number will be greatly increased.

Patience, persistence and power to do are only acquired by work.

CHICAGO ORCHESTRAL CHOIR.

The Chicago Orchestral Choir represents a new idea in Lyceum companies--one sure to prove popular with Lyceum committees and Lyceum audiences.

The fact that it has been organized for its tour by Bohumir Kryl, one of the most famous band leaders and cornet soloists in America, is in itself a guarantee of its excellence.

One portion of the evening's program will be given up to stringed instruments, the ensemble including three violins, one viola, one cello and one bass viol. There will also be piano accompaniment.

Another portion of the program will be rendered on the following ensemble of instruments: Cornet, clarinet, French horn, euphonium, trombone and tuba.

There will also be instrumental solos, duets and quartets and vocal solos. Jaroslav Cimera, whose solos on the trombone will be a feature of each evening, was born in Pilsen, Bohemia, the land from which many of our greatest musicians come. He has, however, spent the greater part of his life in America. Ten years ago Mr. Cimera played with Innes' Band in concerts in Orchestra Hall, Chicago. He has also played solos with Sousa's Band and later with Bohumir Kryl's Band. For three winter seasons he was trombonist in the Kyril Concert Company. Last summer he directed the Cimera Band over the entire Red path Chautauqua five day circuit.

Vocal solos on the program of the Chicago Orchestral Choir will be rendered by Mme. Helene Cafarelli, soprano. Comments from two metropolitan papers of Milwaukee will give some idea of the quality of her work. The Milwaukee Times says, "Mme. Cafarelli, the soloist, certainly well deserved the tremendous ovation given to her after each one of her well rendered selections." The Milwaukee Sentinel says, "She sings with a purely musical tone into which she imbues color and dramatic feeling."

CRISIS WITH GERMANY WILL NOT DEVELOP AS KAISER WILL CURB U-BOAT WARFARE, NEW YORK PAPER SAYS

New York, November 14--The Evening Post says today:

"Assurance that there will be no new crisis between Germany and the United States over methods of submarine warfare has been received in this country. It was learned today. It may be said upon excellent authority that one of the first results of President Wilson's re-election has been the realization by the Kaiser's Government that his foreign policy has received the emphatic endorsement of a majority of American citizens.

"The series of attacks upon armed and unarmed merchant steamers, some of them passengers vessels and others flying the American flag, in several cases without any warning being given, which began several weeks before election day, will come to an abrupt end."

There is one place in the Atlantic Ocean, near the Virgin Islands, where the bottom is four and a half miles beneath the surface. Near the Ladrone Islands, in the Pacific, the depth is about five miles.

Eyeballs half closing over the eye denote less facility of impression, but clearer insight, more definite ideas, greater steadiness in action.

WILL NOT LIFT CAR EMBARGO

Louisville, Ky., November 14--Embargoes placed by the Louisville & Nashville Railroad against the movement of its coal cars to points beyond its own rails will not be lifted until its equipment is actually returned, according to C. B. Phelps, superintendent of transportation of that road.

His declaration was made late today at hearings in connection with an investigation by the Interstate Commerce Commission into car exchange methods in answer to questions by counsel for coal operators, located along the line of the Louisville & Nashville, who market their product in the North and Northwest.

He had been asked if this road would not lift its embargo in view of the fact that other roads in the country have agreed to the return of all foreign coal cars to the owning lines, and that some of them have reported the actual beginning of the homeward movement of such equipment.

The attitude of other roads, which have placed similar embargoes was not brought out, but it is understood to be identical with that assumed by the Louisville & Nashville.

J. W. Roberts, superintendent of freight transportation of the Pennsylvania lines west of Pittsburgh was the principal witness to appear at the hearing today. He detailed at length the situation, which, he declared, has forced the Pennsylvania and other roads as a result of the country-wide car shortage. There had been, he said, a general demand for all classes of cars but particularly for open-top cars, such as coal cars. Of this class of cars, he declared, the Pennsylvania today was able to command only about one-half of its actual requirements.

This demand, he said, was an abnormal one, resulting from the great export traffic of the last two years.

8-HOUR DAY IS GRANTED STANDARD OIL WORKERS

San Francisco, November 14--The Standard Oil Company of California voluntarily granted an eight-hour work-day today to all refinery, pipe line and producing department employees. There will be no change in wages.

K. B. Kingsbury, vice president of the Standard Oil Company of California, said that between seven and eight thousand employees will be affected and that eventually several thousand more men from two to three working shifts. Employees in the departments which will go on the 8-hour basis have been working from nine to twelve hours.

Kingsbury said the California company declared the 8-hour day strictly on a humanitarian basis.

WILSON MAY LOSE VOTE IN IDAHO AS RESULT OF ELECTOR WINNING STATE POSITION

Bois, Idaho, November 14--Because James E. Pincock, one of the four Democratic Presidential Electors chosen in Idaho, also was a candidate for the State Legislature from Custer 1,406. The unofficial figures from the county, and was elected, Idaho's electoral vote, instead of being four for resident Wilson, is likely to stand three for Wilson and one for Hughes, it was reported here today. The law disqualifies and Presidential Elector who is also the holder of a state position, and Pincock's eligibility probably will be tested, political leaders here say. If he is disqualified the highest Republican Elector may cast his vote.

This year's variety of peace is also of low visibility.

WILSON IN NEW MEXICO

Santa Fe, N. M., November 14--Official figures on Tuesday's election began to come in to the Secretary of State's office today. The first complete county to be received was Santa Fe. It gave Hughes, 1,825; Wilson, 1,406. The unofficial figures from the same county were Hughes, 1,822; Wilson, 1,415. With the Santa Fe change, the returns from 609 out of 638 precincts in the State gave Hughes, 29,299; Wilson, 31,471.

It was said at the office of the Secretary of State that ballot boxes from the mountain precincts of Sandoval county might be a week arriving.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging
Conditions, Mrs. Bullock Gave
Up in Despair. Husband
Came to Rescue.

Catron, Ky.--In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

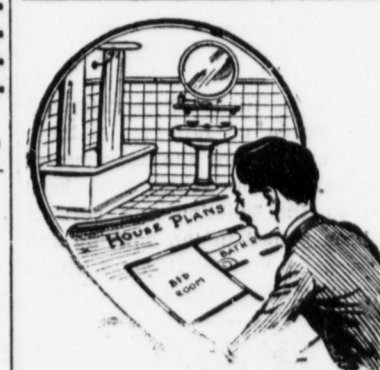

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Maysville Telephone Co. is a Maysville Institution

It was designed and financed and built to serve a local need. It has been in operation many years and has always kept up-to-date. It has been recently rebuilt--inside and outside--and is in better position to serve its patrons than Company's in cities many times larger than Maysville. Our equipment is new and we connect with both of the Long-distance Companies. It is managed and operated by local people whose object is to give the best possible service at rates as low as is consistent with a fair return on the investment. It deserves your patronage--it deserves your support. Your neighbor has a telephone. Have you? Rates according to class of service to meet every need. Call Contract Department now.

INTERPRETATION

Of 8-Hour Law Asked By Court—Railroads Demand More Than Mere Determination of Constitutionality of Adamson Measure.

New York, November 15—Suits filed by railroads against the Federal Government to test the constitutionality of the Adamson eight-hour law, also are expected to result in the interpretation of the statute if it be upheld, the railroad managers comprising the national conference committee of railroads announced in a statement here tonight.

Suits designed to test the validity of the law and to restrain the government from putting it into effect were filed in this city today by the New York Central and Erie Railroads.

Similar suits are to be brought within the next few days by each railroad in the country in each of the Federal districts it traverses, according to Elisha Lee, chairman of the conference.

Mr. Lee issued a statement at the end of the committee's three-day secret session, explaining the railroad's program in their fight against the law. The statement follows:

Two Questions Involved
"Two questions are involved in the appeal by the railroad to the courts for light on the Adamson law.

"1. Is the law constitutional?
"2. If it is constitutional, what does it mean?"

"Opinions have been expressed by eminent authorities that the law is unconstitutional and there are conflicting opinions as to how the law, if constitutional, should be applied.

"Therefore, the railroads must, as a matter of duty, ask the courts if the law is within the power of Congress, the owners of these properties, but also the public that provides the revenues for the payment of wages.

"If the law is declared constitutional, it is expected that the courts will make clear its meaning, and the railroads, it is unnecessary to say, will follow the instructions of the court.

No Effort to Delay Law

"In bringing suits throughout the country the railroads have no desire to delay action or to resort to technicalities. The railroads are anxious to have a speedy decision on the points at issue. The separate suits are necessary to protect the individual road. A single suit would protect the individual road only in the particular case was brought and would leave all roads subject to prosecution in other jurisdictions.

"The railroads have chosen what seems to be the shortest and most practical method of reaching an early decision, and in the meantime, advocating a multiplicity of prosecution and suits.

"The railroads earnestly desire to take the right road, and it is for this reason that they have asked the courts for light to show them the road."

The gauge marks 4.7 this morning and falling.

There will be no packet today.

The recent cold spell has caused the river to begin dropping rapidly. Light rains and snows occurred throughout the eastern portion of the valley the earlier part of the week but these had little effect on the stage of the river at this point.

A basement has been excavated under the Baptist Church, which is being arranged into two Sunday School rooms, a coal cellar, and a baptistry.

The Baptists are arranging for an Institute which is to be held the week of December 3. Quite a number of Baptist ministers will be here to discuss various subjects during the meetings, and a large attendance at each meeting is expected.

Mr. and Mrs. James Fraley spent Sunday visiting in the Mayslick neighborhood.

Some of our good Republicans were much surprised and disappointed over the result of the election, but what else may be expected as long as a few bosses succeed in thwarting the great bulk of people if they do not cater to boss-rule. The voice of the people must prevail in one way or another—through one party or the other. The bulk of Republicans wanted Roosevelt, the bosses forced Hughes, hence the result.

Minerva

Mr. Harry D. Smoot is at home after a prolonged stay at Richmond under the care of Dr. Charles E. Smoot.

Among those who attended the big rally at Maysville Monday night were Charles Lee, C. L. Mains, Arthur Fox, Frank Stroud, Smoot Thompson, A. N. Weaver, E. L. Swetman, Thomas Parker and Fred Bergner.

Misses Anna and Bess Cooke delightfully entertained a party of friends Sunday.

Rumor is persistent to the effect that two prominent young couples are to be married this fall or in the spring.

Messrs. Ward and Glenn Wallingford were calling in Dover Sunday night.

Minerva was well represented at the Democratic jubilee held in Germantown Saturday night. Senator Byron of Brooksville addressed the crowd with a typical rally speech and got the boys in fine spirits for their hilarious entertainment.

A large crowd assembled at the school ground Saturday afternoon to witness double-header basketball game between Minerva and Germantown. The second team game resulted in a tie, while our boys of the first team scored a victory over the visitors.

RINK OPENS TONIGHT

The Princess Rink will open tonight for the season of 1916-17. A large crowd is expected by the managers of the concern. New skates have been placed in the building and persons have been placed in the building and persons have the privilege of either buying or renting skates.

DO YOU BELIEVE IN PREPAREDNESS?

Arm Yourself With an EVERREADY

The farmer probably has more use for an EVERREADY than anyone, for when his lighting system goes out he is left in the dark and if he is attending to duties in the barn he doesn't want to strike a match on account of fire. With an EVERREADY he is safe and is not compelled to grope in the dark.

BUY AN EVERREADY NOW

We have just received a new and complete stock of EVERREADY BULBS and BATTERIES. Get one today and avoid danger of fire.

NOTICE

The First National Bank, located at Maysville, Mason County, in the State of Kentucky, is closing its affairs. All note holders, and other creditors of the Bank are, therefore, hereby notified to present the notes and other claims for payment. Dated November 1, 1916. THOS. A. KEITH, President.

NOTICE

The Standard Bank, of Maysville, Ky., is closing its affairs. All note holders and other creditors of the Bank are, therefore, hereby notified to present the notes and other claims for payment. Dated November 1, 1916. J. N. KEHOE, President.

The business of the above named Banks has been merged and from and after November 1, 1916, will be conducted at their Banking House, No. 33 West Second Street, under the name of

First-Standard Bank and Trust Company
OF MAYSVILLE, KY.

All checks drawn against either of the old Banks will be paid by the new concern and there will not be the slightest inconvenience to the customers of either Bank. The business will go on, without interruption, under the same management, just as heretofore and all the old customers and any new ones that may be kind enough to favor us with their business will find us now.

Better Prepared Than Ever Before

To care for their banking business. Our new concern will be modern and up to date in every particular and conducted on conservative lines. What we will not do for a customer no safe Bank or Trust Company can afford to undertake. We mean to serve the public, politely, promptly, fully and well and invite you to drop in and see us.
